Dear Harold,

It has been too long since I've seen you and talked to you, but I hope to do so soon. I'm going to be in Philadelphia on business Thursday, May 15, and would like to drive down for a visit Friday afternoon if that is alright with you. If you have other plans please let me know.

I read Whitewash IV not long ago and appreciate your good work in making that information available.

Sincerely,

Stan Klimuk
